1. Recently the Kőbányai Fémöntögyek Művek NV (Mass Metal Items Factory of Kőbánya), Budapest, began the production of a new powerful land mine. The new type of land mine is 15 cm. in height and has a diameter of approximately 28 cm. The spare parts are made of stamped metal.
2. The Kőbánya factory operates jointly with the war plant at Budapestény in the production of mines. The factory also manufactures spare parts of sea mines of which large quantities are destined for export to the USSR.
